

Employee/Occupant Safety and Alert Notification System

Enhancing Your Power to Respond

PROTECT AND ALERT YOUR STAFF, STUDENTS, TENANTS

GuideSafe is a Web-based building safety solution that provides tenants and employees with key information for dealing with a wide variety of emergency incidents.

HELPS YOU PROTECT OCCUPANTS, EMPLOYEES AND PROPERTY

From minor incidents such as a broken water pipe or a stalled elevator, to fires, earthquakes, or armed intruders, tenants and employees get instant access to emergency procedures and contacts.

ALLOWS YOU TO SEND ALERT NOTIFICATIONS

GuideSafe provides real-time building disruption and emergency communications to all your building occupants. Send emails and text messages with a simple click of your mouse.

HELPS YOU STAY IN COMPLIANCE WITH LOCAL CODES

The GuideSafe system provides you with a simple and easy way to keep in compliance with local and state codes, while providing a value-added service to employees and tenants.

LOW MONTHLY FEE

For a surprisingly low monthly fee, you can protect your tenants and properties, while reducing tenant calls during building disruptions.

ONLINE DEMO

See how this simple and cost-effective system can pay for itself after just one incident.
